- e. MPSSAA member schools whose opponents play more than a 10-game schedule will:

 - (2) determine points by counting back 10 games from and including the game in which member school appears on opponent's schedule.
- f. The total accumulated points will be divided by 9 or 10, depending on the number of games played. Ten is the maximum divisor and nine is the minimum divisor to qualify for state participation. A team must count all regular season games when using the point system criteria to determine representation. *However, when a team plays the same opponent twice during the regular season, only the first game should count to determine team record and points. **No points (bonus or win points) for any teams will be awarded based on the second game.***
- g. If the point system results in a tie, the following procedures will be used in sequence to break the tie.
 - (1) If either team has defeated the other in regular season play, the winner shall be rated above the loser in the standings. If three or more teams are tied and not equally affected by this procedure, criteria two through six are to be utilized.
 - (2) **The team with the most bonus points accumulated.**
 - (3) The team whose MPSSAA opponents have earned the highest point average against defeated Association member schools as mentioned above.

- (4) The team with the smallest score difference in losses among common opponents.
- (5) The team with the fewest average points allowed for its entire schedule.
- (6) If the above procedures do not break the tie, it shall be broken by the flip of a coin.
- h. Should a team discontinue play during the course of the season, all opponents shall receive points as would have been awarded for a victory over the team. A school shall not receive points for a team scheduled in place of the withdrawing team after the season has begun.
- 3. The tournament will be officially seeded on Sunday, Nov. 7 by the State Football Committee.
- 4. Teams will be seeded twice in the tournament, *both seedings based on the MPSSAA point system in regular-season play.*
 - a. The first seeding will take place for the region tournament.

- 11. Criteria for game sites: All region games and the state semifinal game shall be played on the home field of the higher-seeded team provided it meets the criteria below.  - (4) A score occurs that reduces the point spread to less than 35 points (in which case regular timing procedures will be used).
