Authority: Education Article, SS2-205 and 2-303(j),
Annotated Code of Maryland

.01 Authorization

- A.** The following regulations have been established by the State Superintendent of Schools to govern the athletic program for all high school students in Maryland public secondary schools which are members of the Maryland Public Secondary Schools Athletic Association, MPSSAA.
- B.** Local school systems may adopt rules governing their athletic programs that are more restrictive than those of the MPSSAA. Less restrictive rules may not be adopted.

.02 Eligibility

Student eligibility for participation in interscholastic athletics at the high school level shall be based on the following criteria:

- A.** Students shall be officially registered and attending a member MPSSAA member school. They may represent only the school in which they are registered and at which it is anticipated they will complete their graduation requirements. Ninth grade public school students, who reside in the attendance area of a high school organized 10 - 12, may participate in the interscholastic athletic program of that high school.
- B.** Each local school system shall establish standards of participation which assure that students involved in interscholastic athletics are making satisfactory progress toward graduation.
- C.** Students who are 19 years old or older as of August 31st are ineligible to participate in interscholastic athletics.
- D.** Students may participate in interscholastic athletic contests for a maximum of three seasons in any one sport in grades 10, 11, and 12. Students who participate on an interscholastic team in grade 9 will have a maximum athletic eligibility of four seasons in that one sport.
- E.** Middle, intermediate, or junior high school students are not eligible to compete or practice with high school teams. However, ninth grade public school students, who reside in the attendance area of a high school organized 10 - 12, may participate in the interscholastic athletic program of that high school.
- F.** Students shall maintain amateur status as defined by Regulation .10 of this chapter.
- G.** Students, while participating on a school team, are permitted to participate in the same sport outside of school during the sport's season. This participation shall meet the following criteria:
 - (1)** The outside participation shall not conflict with the practice or contests schedule of the school including district, regional, and State championship

play unless prior approval has been obtained from the school principal and coach;

.02G(1) “The outside participation shall not conflict with the practice or contests schedule of the school including district, regional, and State championship play unless prior approval has been obtained from the school principal and coach;”

Interpretation: Any factor of a non-school athletic activity that causes a student to miss any portion of a school practice or contest constitutes a conflict.

This would include but is not limited to:

1. Practice
2. Competition
3. Tryouts/qualifying
4. Travel to and from
5. Registration
7. Awards ceremony
8. Etc.

Note: It is expected that high school teams conduct practice for all members or engage in competition every day school is in session during the sports season.

MAXIMUM NUMBER OF CONTESTS PERMITTED DURING A SPORTS SEASON

.03B

Interpretation: The seasonal limitations for each sport refer to one varsity team as well as to any under-squad teams. A school may field only one team that can be classified as “varsity”. The nomenclature of any under-squad, i.e., varsity “B”, junior varsity, freshman, novice, etc., must so designate its non-varsity status. Accordingly, any requirements or qualifying standards to state tournaments can only be satisfied through *varsity competition*.

CARE AND PREVENTION OF ATHLETIC INJURIES

.04B(3) “All coaches shall have completed or be enrolled in a one-credit course in the prevention and care of athletic injuries.”

Interpretation: The following interpretation of that bylaw was agreed upon by formal vote of the MPSSAA Board of Control:

1. The completion of the Care and Prevention Course will be required by August 15, 1989.
2. Coaches beginning employment after August 15, 1989, will have one (1) year to complete the course.
3. The major content areas in the course should be:
 - a. Legal Issues
 - b. Introduction to Injury
 - c. Prevention of Injuries
 - d. First Aid/On Field Management of Injuries
 - e. Life Threatening Injuries
 - f. Ankle Injuries
 - g. Knee Injuries

- h. Neck, Spine, Pelvis Injuries
 - i. Shoulder Injuries
 - j. Arm, Hand Injuries
4. Emergency coaches must have completed a Care and Prevention course in the first year of his/her employment.
 5. Local supervisors will certify that coaches have complete the course.
