

Goalies and Penalty Corners Quiz

Situation

The umpire notices the goalie has no wrap-around throat protector.

Situation

A goalie and some field players are waiting in the substitution area. The umpire calls a time out for the goalie substitution. What are the procedures

- a. Should the subbing goalie wait for the goalie whom they are replacing to exit before entering the field?
- b. Should the field players wait for their teammates to exit before entering the field?
- c. Can players who are not in the sub area at the whistle (stopping the clock) run up to enter at the same time?

Situation

During a penalty corner, defender #12 enters the circle prior to the insertion. The official sends #12 back to the 50-yard line. The corner is reset with the goalie and 3 defenders behind the endline. During play of the repeated corner where the ball has come one foot outside the circle and reentered, there is a defender foul. During administration of the corner the official notices there are four field players defending. Is this correct?

Situation

At the end of a game where the score is 4-0, the losing team is awarded a penalty corner.

- a. Time expires while the attack is still setting up their corner. Should the corner be played out?
- b. The attack is able to insert the ball with 3 seconds remaining. The horn sounds during play in the circle. Whistle the end of the game?
