- 3. Each entrant will play 18 holes of stroke play.
 - a. All district tournaments shall be played at the distances shown on their course scorecards.

 - c. Course rating for girls is from the red or women's tees.
- 4. Ties for the last individual qualfying place in the district tournament will be determined with a playoff starting from the course designated hole and playing complete holes until the tie is broken. If extenuating circumstances prevent the culmination of said playoff, the USGA recommended tie-breakers will be used starting with 9, 6, 3, 1.
- C. Determining district championships and qualifying for the state tournament.
 - 1. Individual advancement to the state tournament (all criteria below must be met for advancement).
 - a. Individuals must shoot a qualifying score determined by the following formula:

"Course rating +X strokes = qualifying score for that course"

| District | Date(s) of Event | Course(s) & Team Qualifying Score | Female Course Rating/ Qualifying Score | Male Course Rating/ Qualifying Score |
|----------|--|--------------------------------------|---|---|

- b. All districts' course ratings will be used in the equation. The adjustment factor, "X", will be determined by the state committee and distributed to all district representatives. The state committee determines the "X" factor based on the USGA course ratings of all district courses to provide equity for advancement based on the district course.
- c. Individuals who shoot the qualifying score are not guaranteed advancement to the state tournament. Individuals must also be in the top one-eighth (1/8) of the remaining players after subtracting participants who advanced with their teams. (Refer to page 39 of this bulletin for further details.)
- d. District chairpersons may submit six additional qualifying alternates in numerical order.
- 2. Team advancement to the state tournament.
 - a. The four-player team in the 4A/3A and 2A/1A with the lowest aggregate score for 72 holes shall be the district champion.

b. In addition to the top 4A/3A and 2A/1A team finisher, any team shooting a qualifying score at their district course as determined by an aggregate score of four times the "X" factor plus four strokes will advance to the state tournament. When a female is included in the low four scores, the female "X" factor will be used to determine the aggregate score for team advancement.

D. General Policies

- 1. District tournament directors will be responsible for the assignment of duties. It is highly recommended that the representatives from schools at the district tournament be assigned as scorers or marshals.
- 2. In order to accommodate all players, the State Committee may adjust the district alignment when the committee determines an overcrowding of district participants.
