## MARYLAND STATE BOARD OF EDUCATION Subtitle 06 SUPPORTING PROGRAMS Chapter 03 Interscholastic Athletics in the State

Authority: Education Article, §§2-205 and 2-303(k),  
Annotated Code of Maryland

### .01 Authorization

- A. The following regulations have been established by the State Superintendent of Schools to govern the athletic program for all high school students in Maryland public secondary schools which are members of the Maryland Public Secondary Schools Athletic Association (MPSSAA).
- B. Local school systems may adopt rules governing their athletic programs that are more restrictive than those of the MPSSAA. Less restrictive rules may not be adopted.

### .02 Eligibility

Student eligibility for participation in interscholastic athletics at the high school level shall be based on the following criteria:

- A. Students shall be officially registered and attending the member MPSSAA school they are authorized to attend under regulations of the local school system. They may represent only the school in which they are registered and at which it is anticipated they will complete their graduation requirements.
- B. Each local school system shall establish standards of participation which assure that students involved in interscholastic athletics are making satisfactory progress toward graduation.
- C. Students who are 19 years old or older as of August 31 are ineligible to participate in interscholastic athletics.
- D. Students in grades 9, 10, 11, and 12 may participate in interscholastic athletic contests for a maximum of four seasons in any one sport.
- E. Middle, intermediate, or junior high school students are not eligible to compete or practice with high school teams. However, ninth grade public school students who reside in the attendance area of a high school organized grades 10–12 may participate in the interscholastic athletic program of that high school.
- F. Students shall maintain amateur status as defined by Regulation .10 of this chapter.
- G. Students, while participating on a school team, are permitted to participate on sports teams outside of school during the high school sport's season. This participation shall meet the following criteria:
  - (1) The outside participation may not conflict with the practice or contests schedule of the school including district, regional, and State championship play unless prior written approval has been obtained from the school principal and coach;
  - (2) Students who elect to participate on an outside team and do not participate and practice with the school team throughout the designated sport's season are ineligible to represent the school in all contests that determine a county, district, regional, or State championship during that sport season.

- H. Students shall present to their high school principal a certificate of permission to participate signed by their parent(s) or guardian(s).
- I. Students shall be examined and certified to the high school principal as being physically fit to participate in any try-out, practice, or contest of a school team. The examination shall be performed by a licensed physician, certified physician assistant under the supervision of a licensed physician, or certified nurse practitioner.
- J. Students legally transferred to another school may participate. "Legally transferred" means a change of residence or a transfer from one school to another by action approved by the local superintendent of schools.
- K. Graduates.
  - (1) Graduates of high schools are not eligible to practice with or participate on interscholastic sports teams. However, they may participate in the remaining athletic contests of that semester.
  - (2) Students are considered graduates when they have completed the work required for graduation and are declared graduates by the local board of education.

This new placement shall affect only the involved school and may not affect the classification of other member schools.
- E. When a member MPSSAA school does not have all three grades included in the enrollment figures upon which the classification is based in the even-numbered year, but will have all three grades in the following odd-numbered year when classification becomes effective, the enrollment figure shall include the existing grades and average of the current class sizes applied to each projected grade.

# Rules And Interpretations

## OUTSIDE PARTICIPATION

**.02G(1)** “The outside participation shall not conflict with the practice or contests schedule of the school including district, regional, and State championship play unless prior approval has been obtained from the school principal and coach;”

**Interpretation:** Any factor of a non-school athletic activity that causes a student to miss any portion of a school practice or contest constitutes a conflict.

This would include but is not limited to:

- |                       |                    |
|-----------------------|--------------------|
| 1. Practice           | 5. Registration    |
| 2. Competition        | 6. Awards ceremony |
| 3. Tryouts/qualifying | 7. Etc             |
| 4. Travel to and from |                    |

**Note:** It is expected that high school teams conduct practice for all members or engage in competition every day school is in session during the sports season.

## MAXIMUM NUMBER OF CONTESTS PERMITTED DURING A SPORTS SEASON

**.03B**

**Interpretation:** The seasonal limitations for each sport refer to one varsity team as well as to any under-squad teams. A school may field only one team that can be classified as “varsity”. The nomenclature of any under-squad, i.e., varsity “B”, junior varsity, freshman, novice, etc., must so designate its non-varsity status. Accordingly, any requirements or qualifying standards to state tournaments can only be satisfied through varsity competition.

## 50% SPORT STAFF

**.04B(2)(d)** “Teams having more than one coach, emergency coaches may not comprise more than 50 percent of that sport staff.”

**Interpretation:** The staff of each individual team (Varsity, JV, freshman) represents a separate sport staff.

## CARE AND PREVENTION OF ATHLETIC INJURIES

**.04B(3)** “All coaches shall have completed or be enrolled in a one-credit course in the prevention and care of athletic injuries.”

**Interpretation:** The following interpretation of that bylaw was agreed upon by formal vote of the MPSSAA Board of Control:

- (1) Completion of the Care and Prevention Course will be required by August 15, 1989.
- (2) Coaches beginning employment after August 15, 1989, will have one (1) year to complete the course.
- (3) Beginning July 1, 2017, in order for coaches to stay relevant with the care and prevention of athletic injuries to students, all coaches are required to recertify utilizing a local school system approved online course within the last five years.

(4) The major content areas in the course should be:

- |  |  |

  - (b) Local school systems shall adopt preseason-practice heat acclimatization guidelines consistent with the model policy listed on the MPSSAA health and safety page of [www.mpssaa.org](http://www.mpssaa.org). These guidelines include ensuring each school is properly prepared and equipped to initiate cold water immersion for the treatment of exertional heat stroke.
  - (c) Automatic External Defibrillator (AED) is provided on-site and located within a brief walk from an athletic practice or event. An AED must be freely accessible during all school functions.

### ALL-STAR GAMES PER SPORT

**.04C(5) "Individual students may participate in all-star games and events, upon completion of their eligibility in the sport in which this participation occurs."**

**Interpretation:** Eligibility to participate in a specific sport is automatically forfeited following participation in an all-star event for that sport. The regulations only take jurisdictional control over participation related directly to representation of member schools. All-star selections as a result of camps, open tryouts, summer leagues, or any other non-school affiliated recreational athletic participation are not germane to the regulation.

Factors that constitute an All-Star Contest and violate the intent of the rule prohibiting returning players participating in such contests include:

- Players were selected to participate in the contest based on their participation as a member of a high school team. e.g. school records, player statistics, or league honors.
- Players were contacted through their school or a representative of their school.
- The game was advertised as an All-Star Contest or similar wording that would indicate as an All-Star Contest for current high school students; e.g. Underclassman Game.

### OUT-OF-SEASON PRACTICE

**.04E(1) "Member MPSSAA schools and coaches of member schools shall confine school practices to the seasonal limitations as defined in Regulation .03 of this chapter."**

**Interpretation:** Any school group or team gathering consisting of three or more players that has assembled for the purpose of drilling or instruction would constitute a violation. School coaching staffs may work with a maximum of two players per day.

**.04E(2) "A coach may not coach a team representing the coach's school beyond the sports season as defined in Regulation .03 of this chapter."**

**Interpretation:** Any paid or volunteer coach at a member school may coach a non-school team provided the team has no direct affiliation with the school. When coaching non-school teams, including returning school players on non-school teams, the following criteria shall be observed:

- The non-school team may not use a name directly connected with the school;
- The non-school team may not use school uniforms, equipment or funds;
- The non-school team may not use school facilities except as allowed by local school system guidelines;
- The non-school team must meet local school system standards of a non-school team; and
- The number of returning school players on the non-school team is limited according to the following timeframe.

#### Timeframe

- From the start of the fall sports season as defined in Regulation .03, to the last state championship game of the spring season, the outside teams roster does not exceed 80% of the returning players of what would constitute a starting lineup in that sport OR a modified version thereof. i.e., 7-on-7 football, 3-on-3 basketball, indoor soccer, indoor lacrosse, etc.

| Sport              | Starting Lineup | Limit |
|--------------------|-----------------|-------|
| Baseball           | 9               | 7     |

- (2) From the last state championship game of the spring season to the first day of fall practice, the outside team roster is unrestricted on the number of returning players.

#### Understanding the 80% Rule - Distinguishing local school system programs and non-school Teams.

- (1) The rule separates the local school system team participating out-of-season from a non-school team through an individual analysis of the characteristics of the non-school team. The characteristics do not allow for more than 80 percent of returning players of what would constitute a starting lineup in that sport or modified version thereof, If the non-school team is coached by a coach of the same school of the returning players.
- (2) The rule refers to returning players. Returning players are defined on page 31 of the MPSSAA Handbook as, “A player who has represented his/her school in that sport.” Consistent with COMAR, local school systems may provide more restrictive interpretation on this definition, including incoming freshman and transfer students.
- (3) The language in the rule speaks to “any coach” and “representing the coach’s school.” Swapping different sport coaches from the same school challenges the rule if the teams are operating above 80 percent of what would constitute a starting lineup in that sport or modified version thereof.
- (4) The language speaks specifically to the characteristics of a single team. Multiple teams coached by coaches from a school in which their characteristics comply with the 80 % rule do not challenge the rule as the individual analysis of each team shows compliance.
- (5) School systems, who hire coaches that have coached with more than 80 % of returning players between competition seasons may cause a violation. The same criteria that is being applied to all current high school coaches and non-school teams shall apply to the high school team at the start of their competition season to ensure competitive equity between coach and student-athlete opportunities in between seasons.

#### MPSSAA SUMMER CAMPS

.04G (2) “Students and member schools may participate in summer camps that are sponsored by the local school system”

**Interpretation:** Local school systems may sponsor a summer camp that meets the following criteria.

- (1) After the last game of the Spring State Championships and concludes on the final Saturday of July.
- (2) Camps per sport may not exceed 12 individual days. Local School Systems shall approve the number of hours allowed per day of camp.

- (3) Camps may not consist of contact for collision sports as defined in the MPSSAA Recommendations to Strengthen Concussion Safety. Helmets, pads, and full equipment are not allowed for football.
- (4) Only coaches approved by the local school system may conduct school-sponsored camps. Guest instructors are allowed per local school system guidelines.
- (5) Only students approved by the local school system may participate in approved summer camps
- (6) Skill development and instruction activities are allowed, including game situations within an individual local school system approved summer camp.
- (7) Local school systems may operate multi-school camps. Game situations may only occur within the parameters of the camp and may not lead to multi-camp scrimmages/competitions.

**NOTE:** Alleged violations brought by member schools, students or coaches will be investigated by the local superintendent or his/her designee. Those sponsoring and/or conducting a camp that is under investigation will be required to supply supporting data.

### **CAMP RULE**

**.04G(5)** "It is a violation of the out-of-season practice rule established in Regulation .03 of this chapter for coaches of member MPSSAA schools, while affiliated with a camp that is not sponsored by the local school system, to conduct any form of team or group practice involving their school.

**.04G(6)** "A member MPSSAA school may not provide school uniforms or equipment for students who attend a camp outside of the defined sports season in Regulation .03 of this chapter."

**Interpretation:** School-related individuals mean any school employee, volunteer, their relative, and/or agents. Coaches may instruct non-school teams at camps.

**NOTE:** Alleged violations brought by member schools, students or coaches will be investigated by the local superintendent or his/her designee. Those sponsoring and/or conducting a camp that is under investigation will be required to supply supporting data.

### **MISCONDUCT DETRIMENTAL TO A TOURNAMENT**

**.07C (11)** "If a team or any students participating in a State tournament contest leaves the field of competition before completion of a contest, or fails to continue play when eligible to do so, or is guilty of misconduct detrimental to the tournament, then the team, coach, or students may be suspended from further participation in the current tournament, and from the same tournament in the succeeding year, upon the determination of the tournament committee and the Executive Director. "

**Interpretation:** Ejection from any district, region, or State tournament contest, failure of schools to follow state tournament policies and/or disruptive actions of students, coaches, school supporters, or administrators are considered misconduct detrimental to the tournament. Coaches, players, and bench personnel ejected from these tournament contests are disqualified from the succeeding contest in that tournament year. Additional sanctions such as, but not limited to, state tournament probation, disqualification from state tournaments in succeeding years, or disqualification from additional state tournaments in the same year, could be imposed depending on the circumstances.

### **STATE CHAMPIONSHIP CRITERIA**

**.07D** "Expansion of any sport to the State level shall be recommended by the State Board of Control of the MPSSAA and approved by the State Superintendent of Schools after consultation with the local superintendents of schools."

#### **MPSSAA Criteria:**

- (a) A minimum of 40% of MPSSAA member schools shall participate in the sport program on a varsity level.
- (b) Schools shall be prepared to host home school contests on the school site.

- (c) A plan of action shall be submitted to the Executive Director 30 days prior to the spring MPSSAA Board of Control meeting and shall include:
  - (i) Tournament structure
  - (ii) Estimated budget
  - (iii) Historical background
- (d) A state tournament shall evolve from district/regional tournaments.

#### **AWARD CRITERIA**

**.08A(2) "Awards from outside the school may be given to individual athletes or school teams provided the awards are approved by the local superintendent, meet MPSSAA guidelines, and the presentation is made at a school approved function."**

**MPSSAA Guidelines:** Awards presented by non-school organization(s) to the school and/or athlete, excluding scholarship(s), must display the school name or insignia and team or individual accomplishment. Commercial messages may not be displayed on awards such as articles of clothing, jewelry, luggage, etc.

#### **LOSS OF INSTRUCTIONAL TIME**

**.09C(3)(d) "Participation in the event is within the USA, does not involve loss of instructional time, and complies with the local school system policies and procedures for school-sponsored travel."**

**Interpretation:** Events that require out-of-state travel beyond 300 miles may not involve any loss of school time.

#### **AMATEUR RULE**

**.10A "Students who have not used or are not using their athletic skill as players for financial gain, or who have not competed under assumed names as players, shall be considered amateurs. Employment as an instructor, counselor, or official may not be considered a violation."**

**Interpretation:** Interpretation: Students and/or the student's parents may accept reasonable and necessary expenses for transportation, lodging, and/or meals as well as monetary rewards within the regulations of the recognized amateur athletic organization or under the United State Olympic Committee's "Operation Gold" program without compromising the student's amateur eligibility.

# Officials

## REQUIREMENTS

Officials for MPSSAA-sponsored athletic contests, both regular and postseason, are to be certified and registered with the MPSSAA office. The MPSSAA coordinator of officials will facilitate this process with all local officials' boards.

Registration and certification requirements are as follows:

- Be at least 18 years of age and a high school graduate.
- Be a member in good standing with a local MPSSAA-recognized officials' group.
- Attend an MPSSAA-sponsored rules interpretation clinic for the current year.
- Pass the National Federation examination (75% is the lowest passing score).
- Pay the MPSSAA registration fee (Online through the Center for Officials Services).

## RULES INTERPRETATION CLINICS

An assigned interpreter will produce an online clinic course through the NFHS Learning network site for local officials. The link to the NFHS rules clinic course will be published on the officials' page of MPSSAA.org. A certificate of completion is required of each official and is to be uploaded on the Center of Officials services Dragonfly platform. The rules interpretation clinic course is a certification requirement for officials assigned to MPSSAA contests-both regular season and postseason play. Coaches are strongly encouraged to take the rules clinic course as well.
