Answer Key

1. B; The captain winning the toss may choose whether to kick first or second. The referee shall choose which goal to use.
2. A; Only the Head Coach and one Assistant are allowed in the center circle with the eligible players.
3. B; the Head Coach shall direct his/her shooters to report to the referee immediately after the completion of the previous shooter's attempt. Once a kicker has reported to the referee, that shooter may not be changed. The referee shall record the player's name, number, spot in the team's shooting cycle, and whether or not a goal is scored.
4. A; The only restriction is that the player coming in from the technical area must be the last kicker in the round of kicks.
5. B; "Reduce to equate" is not used in the MPSSAA tie-breaker. The spot of the ejected player is now to be the last spot in the round and will be considered a miss.
6. A; If a participating player is issued a caution then that player becomes the last player to kick in their next eligible round of kicks.
7. B; It is the coach's responsibility to utilize eligible players. Use of an ineligible player includes having a shooter take a second attempt before all eligible team mates have taken a first attempt. The use of an ineligible kicker results in a forfeit by the offending team.
8. A; A cautioned goalkeeper may not defend the opponent's next kick but may return to the goal to defend subsequent kicks. The player replacing the goalkeeper MUST be from the players already participating in the tie-breaker.
9. D; The referee does not have the authority to declare the result of a match suspension. This is a final decision made administratively based on the referee's report of facts in the match.
10. A; This is correct procedure.
