

OPTIONAL STROKE REVIEW CLINICS

Optional online stroke review clinics will be offered this fall. These clinics will go over the NFHS stroke rules, which are not covered in full during our annual rules interpretation clinics. While optional, these clinics would be of benefit to new high school officials or anyone desiring a review of the high school stroke rules and how they might differ from year-round swimming or summer league swimming.

Registration is required. Clinic dates are below:

Monday, October 23, 2023, 7:00PM
