F. Officials **and coaches** are performing a disservice to the sport and the athletes when they allow unsportsmanlike acts to go uncalled because they do not want to appear to be "too picky". When those athletes do participate in a region or state tournament and the rules are enforced according to the code, players then think that the rules are unfair or that they should have received a warning, since the call was never made during the regular season. Resulting disqualifications are ultimately the responsibility of the athlete and the coach, however officials who have tolerated illegal actions during the regular season must also assume some responsibility.
