### I. GENERAL INFORMATION

- A. The Maryland Public Secondary Schools Athletic Association is the official governing body for the Track and Field Championships. Plans for the tournament were formulated by the State Track & Field Committee and approved by the Board of Control.
- B. Schools choosing to enter the tournament have the responsibility for reading and adhering to the rules and regulations stated in the front section of this publication as well as those appearing within this Track and Field Bulletin. Unless specifically stated, all rules and regulations stipulated in the NFHS Track and Field Rule Book will be followed.
- C. **By State adoption, the State Track and Field Committee has adopted the following rule regarding the maximum number of events for an athlete. An athlete may participate in a maximum of six events.**
- D. Eligibility rules for all participants are defined in MPSSAA Bylaw .02, found in the current MPSSAA Handbook.
- E. General regulations for all state tournaments are contained in MPSSAA Bylaw .07, found in both the current Handbook and in the front section of this publication.
- F. National Federation rule books are distributed by the MPSSAA office to every member school. It is the responsibility of each coach to read and know the rules.
- G. Officials do a disservice to the sport and competitors when they set aside rules that apply to illegal uniforms or permit unsportsmanlike acts because they don't want to appear to be "too picky" or feel that "it is not a major meet". When those athletes participate in a major competition where the rules are enforced according to the code, they think that the rules are unfair or that they should have been warned, etc. because "no one called me on this all year". All too often, parents, coaches, and the media argue that the rules are unfair and that officials don't consider how devastating it is to an athlete disqualified in a major meet because of a thrown baton or an illegal uniform. Certainly, it should not happen. Although such disqualifications are ultimately the responsibility of the athlete and coach, meet officials who tolerated the illegal action during the season also must assume some responsibility.
- H. **Students may not compete as a representative of their school in any event that is not part of the state championship series after the date of the first statewide region meet.**
- I. No pole vault event shall be contested unless vaulters are weighed in and poles verified utilizing a scale according to state adoption. (NFHS Rule 7-5, Article 3).
- J. Each school entering a meet agrees to abide by decisions made by that meet's games committee. Protests at any level of competition—dual, triangular, city, county, region, state—shall be settled by an appointed jury of appeals or similar committee at the site of that particular meet.
- K. Order of track events: Located in the chart on the next page.

B. Playing Rules

- All rules not modified here shall be in accordance with current National Federation rules.
- The 6-event limitation applies whether the meet is held on 1 day, consecutive days, or on 2 or more nonconsecutive days. If the participation limitation is exceeded, the athlete in violation shall forfeit all individual and team points earned in any event. *In addition*, that athlete shall be disqualified from state meet participation should the violation occur in the qualifying region meet.

6. Contestants are to report on the first call. *There will be only two calls.* In case of a conflict with another event, the State Committee has adopted the following rule for being excused from an event: if an athlete checks out with a clerk or the official of a field event, there is no time limit. However, the following guidelines will be followed:
  - (a.) In the high jump and pole vault, the bar will continue to go up and the excused athlete will not be called until the athlete checks back in with the official. *Coaches, be aware that when the last competitor who is present completes his/her jumping, the event is over.*
  - (b.) In other field events, a change of flight will be made, *if requested*, to avoid conflict with another event. This request must be made before the start of the competition in the event you are trying to change. A change of order within a flight and/or jumps or throws taken in succession may be made at any time to allow a contestant to report to another event. When all competitors present have completed their attempts in a particular flight or final, competition in that flight or final is over. *No returning athlete will be given the opportunity to compete after the completion of a flight or final.*
  - (c.) Any participant who must leave to compete in a field event must report to the starting line before the participant's race is called.
7. **All implements approved for the throwing pool will be taken to the appropriate site for warm-up and competition, and shall remain there until the event is over. No other throwing implements will be allowed in the competition area. No implements are to be shared between athletes unless given permission.**
