

#### **MPSSAA TRACK & FIELD BULLETIN**

State Championships - May 23-25, 2019 Morgan State University - Baltimore

#### I. GENERAL INFORMATION

- A. The Maryland Public Secondary Schools Athletic Association is the official governing body for the Track and Field Championships. Plans for the tournament were formulated by the State Track & Field Committee and approved by the Board of Control.
- B. Schools choosing to enter the tournament have the responsibility for reading and adhering to the rules and regulations stated in the front section of this publication as well as those appearing within this Track and Field Bulletin. Unless specifically stated, all rules and regulations stipulated in the NFHS Track and Field Rule Book will be followed.
- C. Eligibility rules for all participants are defined in MPSSAA Bylaw .02, found in the current MPSSAA Handbook.
- D. General regulations for all state tournaments are contained in MPSSAA Bylaw .07, found in both the current Handbook and in the front section of this publication.
- E. National Federation rule books are distributed by the MPSSAA office to every member school. It is the responsibility of each coach to read and know the rules.
- F. Officials do a disservice to the sport and competitors when they set aside rules that apply to illegal uniforms or permit unsportsmanlike acts because they don't want to appear to be "too picky" or feel that "it is not a major meet". When those athletes participate in a major competition where the rules are enforced according to the code, they think that the rules are unfair or that they should have been warned, etc. because "no one called me on this all year". All too often, parents, coaches, and the media argue that the rules are unfair and that officials don't consider how devastating it is to an athlete disqualified in a major meet because of a thrown baton or an illegal uniform. Certainly, it should not happen. Although such disqualifications are ultimately the responsibility of the athlete and coach, meet officials who tolerated the illegal action during the season also must assume some responsibility.
- G. Students may not compete as a representative of their school in any event that is not part of the state championship series after the date of the first statewide region meet.
- H. No pole vault event shall be contested unless vaulters are weighed in and poles verified utilizing a scale according to state adoption. (NFHS Rule 7-5, Article 3).

- 3. The high jump and pole vault may be run as "5-alive". Other field events will be run in flights.

#### B. Playing Rules

- 1. All rules not modified here shall be in accordance with current National Federation rules.
- 2. The 4-event limitation applies whether the meet is held on 1 day, consecutive days, or on 2 or more nonconsecutive days. If the participation limitation is exceeded, the athlete in violation shall forfeit all individual and team points earned in any event. *In addition*, that athlete shall be disqualified from state meet participation should the violation occur in the qualifying region meet.
- 3. Teams checking in at the bullpen for respective relay races must present relay cards with the first and last names of the four declared athletes listed.

- 4. Headwear other than previously approved by State Association and/or the Games Commmittee is prohibited. Any hair restraint must comply with National Federation rules.
- 5. Wearing makeup and jewelry by a participant that is distracting or draws undue attention is prohibited, upon the decision of the meet referee.
- 6. Contestants are to report on the first call. *There will be only two calls*. In case of a conflict with another event, the State Committee has adopted the following rule for being excused from an event: if an athlete checks out with a clerk or the official of a field event, there is no time limit. However, the following guidelines will be followed:
  - a. In the high jump and pole vault, the bar will continue to go up and the excused athlete will not be called until the athlete checks back in with the official. Coaches, be aware that when the last competitor who is present completes his/her jumping, the event is over.
  - b. In other field events, a change of flight will be made, if requested, to avoid conflict with another event. This request must be made before the start of the competition in the event you are trying to change. A change of order within a flight and/or jumps or throws taken in succession may be made at any time to allow a contestant to report to another event. When all competitors present have completed their attempts in a particular flight or final, competition in that flight or final is over. No returning athlete will be given the opportunity to compete after the completion of a flight or final.
  - c. Any participant who must leave to compete in a field event must report to the starting line before the participant's race is called.
- 7. Only shots and discus approved by the appropriate official shall be used in competition.

#### C. General Policies

- 1. Each school shall supply its own baton for relay races.
- 2. Only designated officials and participants in the event shall be permitted in the infield. At region meets, coaches and members of their squads should remain in a section of the stands or at the sidelines, from which point the coach can dispatch contestants to the proper place for participation.
- 3. All electronic listening devices are barred from the area of competition. The rule applies to spectators as well as participants. The host facility shall only use its sound system for public address once the meet has started.

#### III. REGION MEET

#### A. Meet Organization

- The Meet Director or Meet Administrator has the right to challenge any entry that is not consistent
  with a verifiable performance throughout the current Track and Field Season. The Meet Director or
  Meet Administrator will notify the coach of the concern and may adjust the entry to the best verifiable performance for the current season.
- 2. An entry received after the Region Meet Entry Deadline (7 days prior to the start of the first meet in that classification) requires a check payable to "MPSSAA" in the amount of \$100.00 or the entry is invalid. The burden of proof is on the school.
  - a. **The MPSSAA Office will** collect fees for anyone whose entry applications are incomplete or were not received by the region meet entry deadline.

- b. Entries received after the region meet entry deadline, but by the penalty deadline, will be seeded last with no time, no distance, and no height.
- 3. The following online method for entry must be used. Meet entry will require teams to register and provide contact information, including an e-mail address. After a team completes the registration process, the region's meet director will receive a copy of the team's registration. Upon receipt, the region meet director can reply, thus immediately notifying the coach that his/her registration has been received.
- 4. Any team that makes formal application by the established deadline will be entered into the meet. The following online method for entry must be used. Please follow these directions for submitting entries:

- 5. You may change your entries until the *Entry Deadline* established for your meet. After the *Entry Deadline*, no athlete may be added. Only scratches and substitutions are allowed until the *Penalty Deadline*.
- 6. The region meet director and the meet administrator are the only other individuals who will have access to team information (in order to seed the meet on basis of entries received).
- 7. A scratch or substitution in an individual event is due by the penalty deadline.
- 8. After that deadline, no substitutions can be made. In addition, after that deadline, all entries in individual events count as an event that the athlete has participated in.
- 9. All regions must use the HyTek software provided by the MPSSAA.
- 10. The region meet director will be responsible for organizing the meet, securing certified officials, arranging for First Aid services, scoring, and reporting to the executive director those who qualify for state competition. ALL MEETS shall be organized and structured in a uniform way for seeding, placement in lanes, trials on the basis of best performance, etc.
  - a. Hand timed (HT) races shall be recorded to one-tenth ( $^1/_{10}$ ) of a second, always rounding up to the next  $^1/_{10}$ , i.e. 22.61 = 22.7. For races 400m and above 0.14 seconds needs to be added to the rounded up time.

For meets using FAT, only two rounds of 100 m, 200m, or high hurdles will be run. Heat winners plus next fastest times will advance to finals.
- c. In races with semis, twelve runners will qualify for the finals. A two heat final will be run with four runners in the slow section and eight runners in the fast section. - 12. A coaches' meeting will begin one hour before the start of the meet, unless otherwise noted.
  - a. A printed meet time schedule shall be handed out at the coaches' meeting and followed as closely as possible. Any necessary schedule adjustments will be made at this time. Whether present or not, each coach is responsible for all changes made at the meeting.
  - b. Each coach will verify his school's entries for all events to the region meet director.
  - c. Scratches in the opening round of the 100, 200, and high hurdles on the day of the meet will result in reseeding only if it affects a seeded runner equal to the number of qualifiers or higher seed. **Example**: If there are races to qualify four, and one of the top four scratch, the race will be reseeded. Otherwise, the race will run as seeded.
  - d. Entry in a relay becomes official when the team declares **exactly** four runners on the relay card turned into the bullpen. **An improperly submitted relay card will result in disqualification of that relay team.** A team will not be permitted to run without a completed relay card.
- 13. At the conclusion of the region meet, the meet director shall provide or post the official results. *Meet Directors will bring ALL region meet paperwork to the required state seeding meeting.*

- 2. The State Meet will be seeded from region results, regardless of school.
  - a. Scratches will not count as one of the four events entered, if received prior to 9:30 a.m. on Sunday, May 19.

- 3. In addition to the top 4 individuals and the top 4 relay teams advancing to the state meet, the individual competitors or relay teams who, *in their region meet final*, achieve the above standards, will also advance. Only the field events and those running events contested as a final on time shall be included.
- 4. If a tie remains in a field event after all tiebreakers have been used, then all individuals tied for 4th place will advance. An individual will not advance simply by equaling the 4th place performance.
- 5. The 2019 State Meet will be held at Morgan State University's Hughes Stadium, Baltimore.

- 6. Racing Events for Wheelchair Athletes

Races for athletes will be held for members of the Maryland Public Secondary Schools Athletic Associations (MPSSAA) track teams who require the use of a wheelchair in order to compete.

To provide competitive opportunities for wheelchair athletes, races will be conducted at the Regional and State track meets in each of the following distances: 100M, 200M, 400M, 800M, 1600M, and 3200M.

Additionally, wheelchair athletes are encouraged to compete in the Shot Put and Discus events. Awards and team scoring rules apply to field events.

A wheelchair athlete must achieve the qualifying standard at a Region track meet in order to qualify for the State Meet. The four-event limitation applies to all athletes.

The head coach must complete the application forms for the wheelchair racing events and submit them to the MPSSAA office. Those forms will be available April 16, 2019.

Region and State track meet wheelchair races will be conducted under the following guidelines:

- \* Wheelchair races will be conducted in each of the following events: 100M, 200M, 400M, 800M, 1600M, and 3200M.
- \* Separate boys and girls wheelchair races will be conducted in a single class in each racing event. Races may be contested in a single heat if the numbers of competitors do not warrant multiple heats.
- \* If only one wheelchair athlete qualifies for a specific racing event, the athlete will be permitted to compete in a mixed race along-side runners in the specific race for the class and gender of the athlete. Single wheelchair participants compete against the clock.
- \* In mixed wheelchair and runner races conducted solely in lanes, wheelchair athletes will be placed in open lanes following the seeding of the other runners.
- \* Individual awards for wheelchair race events will be presented for first through eighth place.
