

MPSSAA TRACK & FIELD BULLETIN

State Championships - June 18-19, 2021
 Prince George’s Sports Learning Complex

I. GENERAL INFORMATION

- A. The Maryland Public Secondary Schools Athletic Association is the official governing body for the Track and Field Championships. Plans for the tournament were formulated by the State Track & Field Committee and approved by the Board of Control.
- B. All information found in the MPSSAA Spring Bulletins for COVID-19 mitigation and the MPSSAA Return To Play Guidance are incorporated by reference into this document and shall be utilized to minimize the spread of COVID-19 during the Track and Field Tournaments.
- C. Schools choosing to enter the tournament have the responsibility for reading and adhering to the rules and regulations stated in the front section of this publication as well as those appearing within this Track and Field Bulletin. Unless specifically stated, all rules and regulations stipulated in the NFHS Track and Field Rule Book will be followed.
- D. Eligibility rules for all participants are defined in MPSSAA Bylaw .02, found in the current MPSSAA Handbook.
- E. General regulations for all state tournaments are contained in MPSSAA Bylaw .07, found in both the current Handbook and in the front section of this publication.
- F. National Federation rule books are distributed by the MPSSAA office to every member school. It is the responsibility of each coach to read and know the rules.
- F. Officials do a disservice to the sport and competitors when they set aside rules that apply to illegal uniforms or permit unsportsmanlike acts because they don’t want to appear to be “too picky” or feel that “it is not a major meet”. When those athletes participate in a major competition where the rules are enforced according to the code, they think that the rules are unfair or that they should have been warned, etc. because “no one called me on this all year”. All too often, parents, coaches, and the media argue that the rules are unfair and that officials don’t consider how devastating it is to an athlete disqualified in a major meet because of a thrown baton or an illegal uniform. Certainly, it should not happen. Although such disqualifications are ultimately the responsibility of the athlete and coach, meet officials who tolerated the illegal action during the season also must assume some responsibility.
- G. No pole vault event shall be contested unless vaulters are weighed in and poles verified utilizing a scale according to state adoption. (NFHS Rule 7-5, Article 3).

	June 12, 14-15.....Region Final Meets	June 1910 a.m. 3A Meet4 p.m. 2A Meet

II. REGION AND STATE MEETS

- A. The 2021 Region and State Meets shall be administered with the following structure and modifications in order to limit the total number of participants in any region or state meet, control the size of gatherings, and maintain local competitions as best as possible in the first two regional rounds.
1. Qualification to the State Meet will take place through the course of two region meets.
 2. All sectionals, regions, and state meets will be one-day events.
 3. There will be no qualifying standards for advancement of athletes. All competitors must advance by finishing in the two designated spots.
 4. Each school may only enter two entries and one relay team per event in the sectional region meet.
 5. No pole vault event shall be contested unless vaulters are weighed in and poles verified utilizing a scale according to state adoption. (NFHS Rule 7-5, Article 3).
 6. Each school entering a meet agrees to abide by decisions made by that meet's games committee. Protests at any level of competition shall be settled by an appointed jury of appeals or similar committee at the site of that particular meet. Decisions of the referee or under the jurisdiction of the appeals committee shall be final.
 7. Order of track and field events are listed on the Meet Schedules at the end of this bulletin.
- B. Playing Rules
1. All rules not modified here shall be in accordance with current National Federation rules.
 2. The 4-event limitation applies whether the meet is held on 1 day, consecutive days, or on 2 or more nonconsecutive days. If the participation limitation is exceeded, the athlete in violation shall forfeit all individual and team points earned in any event. *In addition*, that athlete shall be disqualified from state meet participation should the violation occur in the qualifying region meet.
 3. Teams checking in at the bullpen for respective relay races must present relay cards with the first and last names of **the four declared athletes listed**.
 4. Headwear other than previously approved by State Association and/or the Games Committee is prohibited. Any hair restraint must comply with National Federation rules.
 5. Wearing makeup and jewelry by a participant that is distracting or draws undue attention is prohibited, upon the decision of the meet referee.
 6. Contestants are to report on the first call. *There will be only two calls*. In case of a conflict with another event, the State Committee has adopted the following rule for being excused from an event: if an athlete checks out with a clerk or the official of a field event, there is no time limit. However, the following guidelines will be followed:
 - a. In the high jump and pole vault, the bar will continue to go up and the excused athlete will not be called until the athlete checks back in with the official. *Coaches, be aware that when the last competitor who is present completes his/her jumping, the event is over.*
 - b. Any participant who must leave to compete in a field event must report to the starting line before the participant's race is called.
 7. Only shots and discus approved by the appropriate official shall be used in competition.

C. Racing Events for Wheelchair Athletes

1. Races for athletes will be held for members of the Maryland Public Secondary Schools Athletic Associations (MPSSAA) track teams who require the use of a wheelchair in order to compete.
2. To provide competitive opportunities for wheelchair athletes, races will be conducted at the Regional and State track meets in each of the following distances: 100M, 200M, 400M, 800M, 1600M, and 3200M.
3. Additionally, wheelchair athletes are encouraged to compete in the Shot Put and Discus events. Awards and team scoring rules apply to field events.
4. A wheelchair athlete must achieve the qualifying standard at a Region track meet in order to qualify for the State Meet. The four-event limitation applies to all athletes.
5. The head coach must complete the application forms for the wheelchair racing events and submit them to the MPSSAA office. Those forms will be available through the MPSSAA Office
6. Region and State track meet wheelchair races will be conducted under the following guidelines:
 - a. Wheelchair races will be conducted in each of the following events: 100M, 200M, 400M, 800M, 1600M, and 3200M.
 - b. Separate boys and girls wheelchair races will be conducted in a single class in each racing event. Races may be contested in a single heat if the numbers of competitors do not warrant multiple heats.
 - c. If only one wheelchair athlete qualifies for a specific racing event, the athlete will be permitted to compete in a mixed race along-side runners in the specific race for the class and gender of the athlete. Single wheelchair participants compete against the clock.
 - d. In mixed wheelchair and runner races conducted solely in lanes, wheelchair athletes will be placed in open lanes following the seeding of the other runners.
 - e. Individual awards for wheelchair race events will be presented for first through eighth place.
7. Qualifying Standards:
 - a. The following times must be achieved at the Region meet in order for athletes to advance to the State meet:

100M – 30 sec	200M – 60 sec	400M – 90 sec
800M – 2 1/2 min	1600M – 5 min	3200M – 10 min
 - b. The following distances must be achieved at the Region meet in order for athletes to advance to the State meet:

Boys Discus – 15’ 00”	Girls Discus - 8’ 00”	Boys Shotput – 6’ 00”	Girls Shotput - 4’ 00”
-----------------------	-----------------------	-----------------------	------------------------

D. Consolidated Team Scoring

1. In addition to traditional track and field team championships scored under NFHS and MPSSAA scoring criteria, the MPSSAA will offer Consolidated Team Scoring to accommodate schools with wheelchair participants. Consolidated Team Scoring combines boys and girls scoring in their assigned classification with the results of wheelchair competition which is conducted in only one classification.
2. Consolidated Team Scoring consists of the total number of team points achieved at the State Track and Field Championships.

3. Consolidated Team Scoring consists of the total number of team points achieved at the State track meet by:
 - Boys team score in its assigned classification
 - Girls team score in its assigned classification
 - Boys wheelchair score (one classification)
 - Girls wheelchair score (one classification)
4. Schools become eligible for Consolidated Team Scoring when they compete in three of the four categories at the state tournament. Consolidated team scores will be calculated and announced.
5. The Consolidated Team Scoring will be a single classification.

E. General Policies

1. Each school shall supply its own baton for **region relay races only**. **Batons will NOT be supplied at the State Meet in 2021.**
2. Only designated officials and participants in the event shall be permitted in the infield. At region meets, coaches and members of their squads should remain in a section of the stands or at the sidelines, from which point the coach can dispatch contestants to the proper place for participation.
3. All electronic listening devices are barred from the area of competition. The rule applies to spectators as well as participants. The host facility shall only use its sound system for public address once the meet has started.

III. REGION MEET

A. Meet Organization

1. The region meet director will be responsible for organizing the meet, securing certified officials, arranging for First Aid services, scoring, and reporting to the executive director those who qualify for state competition. ALL MEETS shall be organized and structured in a uniform way for seeding, placement in lanes, trials on the basis of best performance, etc.
 - a. For 2021 in all sectional region, region, and state events, hand timed (HT) races shall be recorded to one-one hundredth ($\frac{1}{100}$) of a second. Fully automatic timed races (FAT) shall be recorded to one-one hundredth ($\frac{1}{100}$) of a second, i.e. 48.76 = 48.76.
 - b. No athlete will advance in an uncontested event.
 - c. In the event that the pole vault facility is unsafe, the event will be moved to a site which is safe.
2. A coaches' meeting will begin one hour before the start of the meet, unless otherwise noted.
3. A meet time schedule shall be provided to all coaches' and followed as closely as possible. Any necessary schedule adjustments will be made at the coaches meeting. Whether present or not, each coach is responsible for all changes made at the meeting.
 - a. The MPSSAA and Supervisors of Athletics will be monitoring all Graduation conflicts. The MPSSAA reserves the right to make necessary adjustments to the schedule and times of events in order to alleviate graduation conflicts whenever possible.
 - b. Entry in a relay becomes official when the team declares **exactly** four runners on the relay card turned into the bullpen. **An improperly submitted relay card will result in disqualification of that relay team.** A team will not be permitted to run without a completed relay card.

4. The Meet Director will set starting heights for the high jump and pole vault, based on entries.
5. In the long jump and triple jump each athlete will receive four jumps. In the shot put and discus, each athlete will receive four throws. There will be no finals in sectionals, regionals, or states.

B. Sectional Region Meet

1. Schools will compete in a Sectional Region for the purpose of creating smaller size gatherings for the opening rounds. This will ensure no region has more than 8 teams competing in the first regional meet.
2. **Sectional Region Meets may begin on Saturday, June 5, 2021 as long as all schools within the sectional region do not have a graduation conflict, SAT testing conflict, or pre-scheduled regular season meet conflict.**
3. Not more than two competitors from a given school shall be allowed to enter or start in any individual event. Only one team per school shall compete in a relay.
4. Each school in a sectional region shall submit its two entries and its relay team by 4 p.m. on Wednesday, June 2, 2021. Instructions will be sent to each school for entry submissions.
5. Athletes will be seeded randomly with no two athletes from the same school in the same heat. Regions will not be seeded based on times or marks set during the regular season.
6. All races are finals to determine the top-four using hand time or FAT timing to the one-one hundredth ($\frac{1}{100}$) of a second.

C. Region Final Meet

1. The top four finishers from each sectional region meet shall advance to the region meet. This will ensure no region meet has more than 8 entries competing in each event.
2. There will be no replacement of scratches at the region meet for entries unable to compete.
3. Event seedings and lane placements will be randomly seeded.
4. Priority should be given to try and hold Region Final Meets at 8-lane tracks to avoid multiple heats.

D. General Policies

1. Awards: A plaque will be given to the winning team in each classification for the Regional Final Meet. Ribbons will be awarded to the top 8 finishers in each event for the Regional Final Meet.
2. Attendance: Attendance in sectional region and region meets will be based on each hosting local school system policies in place at the time of region meets.

IV. STATE MEET

A. Meet Organization

1. The top two finishers from each region meet in a classification shall advance to the state meet. This will ensure no state meet has more than 8 entries competing in each event.
2. There will be no replacement of scratches at the state meet for entries unable to compete.
3. Event seedings and lane placements will be determined based off the marks and times established at the region meet only.

4. Seeding order	Seeding method	8-lane track	6-lane track
From middle laneType A4-5-3-6-2-7-1-83-4-2-5-1-6
From lane 1 outType B.....	Starting in the alleys (outside alley to top seeds.)	

5. **There are no advancement standards for 2021. Eligibility for the state meet is through placement finish at each Regional Final Meet.**

B. General Policies

1. All Participants, Coaches, Spectators, Officials, and administrative staff must adhere to the MPSSAA COVID-19 policies and mitigation strategies at all times.
2. Coaches boxes for field events are reserved for field event school appointed coaches only.
3. Admission and spectator capacity will be determined by the MPSSAA in consultation with the facility and in compliance with local and state policies.
4. Plaques will be presented to the top two boys teams and the top two girls teams in each classification. Medals will be awarded in individual events for places 1-3; ribbons will be awarded for places 4-8.
